    - Administrative
    - Facilities and Legacy Management
    - Nuclear Materials
    - Strategic and Site Remediation
    - Waste Management

# SRS CAB Mission Statements

---

The SRS Citizens Advisory Board (CAB) is a non-partisan group of individuals who are independent of federal, state and local government organizations as they relate to the mission of the CAB.

The Board provides informed and timely recommendations to the U.S. Department of Energy (DOE), Environmental Protection Agency-Region IV (EPA), and The South Carolina Department of Health and Environmental Control (SCDHEC) concerning decisions that affect SRS in areas of environmental restoration, waste management and activities related to these functions.

Two important goals of the Board are to improve two-way communication with SRS impacted communities and to ensure that stakeholders are given an opportunity to become involved in the decision-making processes of DOE, EPA, SCDHEC and SRS management.
